

ADDENDUM TO
RECORD OF PROCEEDINGS
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

IN THE MATTER OF:

DOCKET NUMBER: 95-02963

COUNSEL: None

HEARING DESIRED: No

JUN 12 1998

~~APPLICANT REQUESTS THAT:~~

His records be corrected to show he was promoted to the Reserve grade of captain, with a promotion effective date (PED) and a promotion service date (PSD) of 11 August 1995.

~~RESUME OF THE CASE:~~

The applicant is an active Reserve officer serving in the grade of captain, with a PSD and PED of 8 August 1996.

In an application dated 20 August 1995, the applicant requested he receive point credits for service he performed but was deprived of when it was discovered he was not assigned to a funded billet. He also requested he be awarded sufficient points for three additional years of satisfactory Federal service and promotion to the grade of captain on 11 August 1995. His requests were considered by the Board on 12 November 1996. After reviewing the evidence, the Board determined that the applicant's records should be corrected to entitle him to a satisfactory year of Federal service for the Retirement Year Ending (RYE) 24 September 1994 and restore his eligibility for consideration for promotion by the FY 1996 Air Force Reserve Captain Unit Vacancy Selection Board. The Board also recommended that his records be considered by a Special Review Board (SRB) for promotion by the FY 1996 selection board. The Board denied his requests for a direct promotion to captain with a PSD and PED of 11 August 1995 and satisfactory years of Federal service for the RYEs 1991, 1992 and 1993 (see AFBCMR 95-02963, with Exhibits A through F).

AIR FORCE EVALUATION:

The Promotion Secretariat Division, AFPC/DPJB, provided the results of the SRB held during the week of 9-13 June 1997 in conjunction with the FY 1998 Reserve of the Air Force Line and Health Professions Lieutenant Colonel Selection Board. In the opinion of the majority of the voting members, the applicant should not have been recommended for promotion by the FY 1996 Air Force Reserve

Unit Vacancy Line and Health Professions Captain Selection Board
(Exhibit G).

APPLICANT'S REVIEW OF AIR FORCE EVALUATION:

A copy of the SRB's recommendation was forwarded to the applicant on 9 July 1997 for review and comment. As of this date, no response has been received by this office.

THE BOARD CONCLUDES THAT:

As a result of our previous consideration of this application, the applicant's records were corrected to show he was placed in an active Reserve position on 5 May 1994 and he was awarded credit for a satisfactory year of Federal service for the Retirement Year Ending (RYE) 25 September 1994. In addition, it was directed that his record be considered by an SRB for promotion by the FY 1996 Reserve of the Air Force Captain Unit Vacancy Selection Board. The SRB has been conducted as directed and we concur with their recommendation. The consideration of the applicant's record by the SRB allowed for a comparison with his contemporaries and assisted in the determination as to any possible inequity which may have resulted from the inaccurate record. Since it is the opinion of the SRB that the applicant would not have been recommended for promotion by the subject selection board had he been a considerree, and in the absence of any evidence by the applicant which would lead us to believe the contrary, we have no basis to favorably consider his request for a direct promotion by this Board.

THE BOARD DETERMINES THAT:

The applicant be notified that the evidence presented did not demonstrate the existence of probable material error or injustice; that the application was denied without a personal appearance; and that the application will only be reconsidered upon the submission of newly discovered relevant evidence not considered with this application.

The following members of the Board considered this application in Executive Session on 5 February 1998 under the provisions of AFI 36-2603:

Mr. Oscar A. Goldfarb, Panel Chair
Mr. Michael P. Higgins, Member
Mr. Mike Novel, Member

The following additional documentary evidence was considered:
